

I. Amendments to the Specification

Please replace the last sentence of the first paragraph on page 13 of the specification, beginning at line 12, with the following amended sentence:

-- Methods of vaccination and diagnosis are described in greater detail in U.S. application no. 08/796,792, now U.S. Patent No. 6,087,163, which is incorporated herein by reference in its entirety. --
